The Honorable Tom Cole
Chairman

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Corning Wastewater Treatment Plant Boiler Replacement project. The entity to receive funding for this project is the City of Corning, located at 500 Civic Center Plaza, Corning, NY 14830. The funding would be used for replacing two dual fuel digester boiler units at the wastewater treatment plant.

The project is an appropriate use of taxpayer funds because it will replace equipment necessary to the successful operation of the wastewater treatment plant, reducing health and environmental risks to the local community.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Nick A. Langworthy". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
