The Honorable Tom Cole
Chairman
Committee on Appropriations
2308 Rayburn House Office Building
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Olean Water Filtration Plant Exterior Wall Reconstruction project. The entity to receive funding for this project is the City of Olean, located at 101 E. State Street Olean, NY 14760. The funding would be used for the reconstruction of distressed exterior wall of the Water Filtration Plant

The project is an appropriate use of taxpayer funds because it will ensure continued successful operation of the water filtration plant for the City to help provide clean drinking water for the surrounding communities.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy (NY-23)

Member of Congress
