Congress of the United States

Washington, DC 20515

May 2, 2025

The Honorable Tom Cole
Chairman
Committee on Appropriations
2308 Rayburn House Office Building
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Elma Consolidated Wastewater Treatment Plant project. The entity to receive funding for this project is the Town of Elma, located at 1600 Bowen Rd., NY 14059. The funding would be used to consolidate two existing wastewater treatment plants that have reached or extended beyond their useful life.

The project is an appropriate use of taxpayer funds because it will ensure residents in the Town of Elma and the students and staff at the school district have a safe, modern wastewater treatment facility—protecting water quality throughout Buffalo Creek and surrounding communities.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy (NY-23)

Member of Congress
