The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

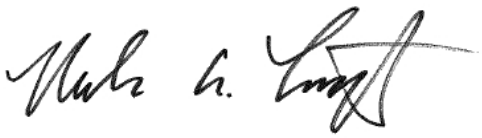
Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Randolph Sanitary Sewer System Improvements project. The entity to receive funding for this project is the Town of Randolph, located at 72 Main St. Randolph, NY 14772. The funding would be used for the construction of various upgrades to the Town's wastewater treatment facility (WWTF), including the addition of effluent disinfection and the replacement of various antiquated assets.

The project is an appropriate use of taxpayer funds because it directly aligns with the State and Local Tribal Assistance Grants (STAG) requirements for a clean water project as an upgrade of critical wastewater treatment infrastructure. This will in turn help protect water quality for the community and surrounding environment.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,



Nicholas A. Langworthy (NY-23)

Member of Congress
