

Congress of the United States

Washington, DC 20515

March 27, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
2308 Rayburn House Office Building
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Interventional Radiology (IR) Room Replacement Project in Fiscal Year 2027. The entity to receive funding for the project is Chemung County located at 203 Lake St, Elmira, NY 14901. This funding will be used to modernize Arnot Ogden Medical Center's interventional radiology suite in Chemung County by replacing outdated imaging equipment and upgrading the clinical environment to improve patient safety, expand access to minimally invasive procedures, and enhance overall care delivery for the surrounding community. It is a responsible use of taxpayer funds because it reduces the risk of equipment failure, improves efficiency and quality of care, and supports long-term healthcare infrastructure in a cost-effective way that benefits residents across the county.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy
Member of Congress
