The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Hamburg for the Mt. Vernon Sewer Project in the Fiscal Year 2027. The entity to receive funding for this project is the Town of Hamburg, located at 6100 South Park Avenue, Hamburg, New York 14075. The funding would be used for improvements to its municipal water supply system to restore a sanitary sewer district that currently includes 4 sanitary sewer overflows. The project is an appropriate use of taxpayer funds because it will eliminate sanitary sewer overflows, protect local water quality and public health, and leverage local investment to restore reliable wastewater infrastructure while ensuring compliance with environmental standards.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy
Member of Congress
