The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Orchard Park for Michael Road and Angle Road Sanitary Sewer Extension Project in Fiscal Year 2027. The entity to receive funding for this project is the Town of Orchard Park located at 4295 S Buffalo Street, Orchard Park, New York 14127. The funding would be used to extend a sanitary sewer mainline along Michael Road and Angle Road to improve environmental protection, support responsible growth, and reduce long-term infrastructure costs. The project is an appropriate use of taxpayer funds because it will reduce reliance on aging septic systems, protect groundwater and local water quality, and support responsible community growth while lowering long-term infrastructure and environmental remediation costs.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy
Member of Congress
