The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the UPMC Chautauqua X-Ray Training Lab Project in Fiscal Year 2027. The entity to receive funding for the project is UPMC Chautauqua located at 207 Foote Avenue, Jamestown, New York 14701. This funding will be used to equip UPMC Chautauqua's radiology training program with a modern digital X-ray unit, allowing students to gain hands-on experience with industry-standard imaging technology. It is a responsible use of taxpayer funds because it strengthens the healthcare workforce pipeline, improves the quality of training, and supports long-term access to skilled medical professionals in a cost-effective way.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy
Member of Congress
