The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
2413 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Springville for Water Main Improvements in Fiscal Year 2027. The entity to receive funding for this project is the Village of Springville located at 5 West Main Street, Springville, New York 14141. The funding would be used to improve the Village of Springville's aging drinking water system. The project is an appropriate use of taxpayer funds because it will replace aging drinking water infrastructure, improve system reliability and water quality, and leverage local investment to ensure safe and consistent service for residents while reducing the risk of costly system failures.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

Nicholas A. Langworthy
Member of Congress
