Chairman

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
2413 Rayburn House Office Building  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Waverly for Water Supply and Source Improvements in Fiscal Year 2027. The entity to receive funding for this project is the Village of Waverly located at 32 Ithica Street, Waverly, New York 14892. The funding would be used for improvements to its municipal water supply system to address aging infrastructure, enhance system reliability, and ensure the continued provision of safe and adequate drinking water to current residents and existing commercial users. The project is an appropriate use of taxpayer funds because it will modernize aging drinking water infrastructure, improve system reliability and public health protections, and strengthen system resilience to ensure safe and consistent water service for the Village's existing population.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, neither does anyone in my immediate family.

Sincerely,

---

Nicholas A. Langworthy  
Member of Congress
